

## Student Responsibility Agreement

As a groomer seeking training in all aspects of feline grooming, I agree to hold the National Cat Groomers Institute of America, Inc., their officers and employees harmless of any injury or harm I may sustain during my course of training. I understand that handling and grooming cats is dangerous. Any bites, scratches, or injuries sustained during this course of training are solely my responsibility and any and all treatments will be at my own expense. Neither NCGIA, Inc. nor their officers or employees are responsible for any costs associated with treating such injuries.

I also agree that any damages to grooming equipment, tools, or supplies belonging to the NCGIA in excess of twenty-five dollars (\$25.00) incurred during my training period and solely my fault shall be charged to me at the conclusion of my training period. The cost for any such damages shall be the cost of replacement of the damaged item/s.

I have been provided with the normal operating hours of the NCGIA within which training is available to me. I understand it is my choice to utilize all or only part of those hours for my training. No refunds will be given for unused time unless previously agreed upon by myself and the NCGIA.

I understand that my training will take place within NCGIA school facility and that all cats being handled and groomed are the clients of the NCGIA. No information pertaining to these clients will be removed from facility. In addition, I agree not to have any interaction with any of the pet owners unless instructed to do so.
